

The DALY Lithium-Ion 20S 72V 50A Waterproof BMS is a high-quality Battery Management System designed for 20-cell Lithium-Ion battery packs. This smart BMS ensures the safe operation of your ...

Durable Battery Shell Material: Built from high-quality PC + ABS materials, this 70V e-bike battery is designed for outstanding performance and durability. It can be used in various applications, including ...

Choosing the right 72 volt LiPo BMS is one of the most impactful decisions you'll make for your high-voltage battery system. A well-matched BMS doesn't just prevent fires--it maximizes ...

In this guide, as a professional lithium battery pack manufacturer, I'll walk you through exactly how to choose BMS for battery pack projects, whether you're building a solar power wall, an ...

Voltaplex is proud to design and manufacture battery management systems (BMS) that optimize lithium-ion battery packs' safety, reliability, and performance. We engineer our solutions for seamless ...

Our 4-step process combines precision, innovation, and unmatched safety to deliver lithium batteries that power the future. From design to final assembly, excellence drives every stage.

A Battery Management System (BMS) is essential for the efficient use and longevity of lithium-ion battery packs. It guarantees safety and performance by monitoring key aspects like charge, ...

This 70V 20Ah lithium battery pack delivers serious performance for motors up to 3000W. It comes with a built-in 40A Battery Management System (BMS) for safety--preventing overcharge, over ...

Durable Shell Material: Constructed from robust PC + ABS materials, our 70V e-bike battery undergoes rigorous testing for performance and durability. Its versatile design makes it ...

Shandong Jingli New Energy Co., Ltd. is a high-tech enterprise focusing on the development and utilization of new energy products. Our company founded in 2010 starting from the research and ...
