

Taking a flexible PV bracket with a span of 30 m and a cable axial force of 75 kN as the research object, we investigate the variation patterns of the support cables and wind-resistant cables under ...

Hebei Hekang Metal Products Co., Ltd. is a domestic manufacturing enterprise specializing in the production and wholesale of earthquake resistant brackets, photovoltaic brackets, punched C ...

We are a physical factory specializing in the production of photovoltaic brackets, earthquake-resistant brackets, cable brackets, and punched C-shaped steel. We are committed to ...

Against the backdrop of rapid development in the solar energy industry, ground brackets, as an important component of solar systems, play a crucial role. This article will introduce the types of ...

In order to achieve the effective use of resources and the maximum conversion rate of photovoltaic energy, this project designs a fixed adjustable photovoltaic bracket ...

Earthquake Brace and Bolt (EBB) retrofit technique is a cost-effective and efficient way to improve the structural integrity of an existing building and make it more resistant to seismic activity.

Boyue Carbon Steel Aluminum Alloy Ground Solar Mounting Brackets 1.5-3.0mm Thickness 60m/s Wind Resistance Professional ground-mounted solar bracket system featuring aluminum alloy and ...

With global seismic activity increasing by 18% since 2020 according to the 2024 Global Seismic Report, earthquake-resistant brackets have become critical for solar projects in vulnerable regions. Let's ...

Our company focuses on the research and development and production of earthquake resistant brackets and their accessories. After years of hard work, we have established our own professional production ...
