

Czech photovoltaic container hybrid product warranty

Where are photovoltaic power plants built?

Since 2007, we have built photovoltaic power plants for ourselves and our customers in the Czech Republic and abroad (United Kingdom, Romania, Turkey, Hungary, Russia, Kazakhstan and Ukraine) with a combined capacity of 428 MWp.

What is the warranty on Solax inverter?

Note: If an inverter connected to Solax cloud and generation data been successfully uploaded to SolaX server, the inverter warranty will be freely upgraded to 12 years standard warranty. This warranty does not include any accessories and toolkit items provided with the product.

How many MWP is a photovoltaic roof?

In addition, we have implemented installations of photovoltaic panels on roofs with a total area of 4 MWp. Since 2012, we have designed small ecological power sources for own consumption, which we see as more meaningful and a return to the natural use of renewable resources.

Quickly verify your product's warranty coverage, validity, and service eligibility. SolaX experts ensure seamless support for your entitlements.
