

This new project is part of Qair's broader strategy to scale up renewable energy across Africa. Beyond Mauritius, Qair is actively developing and operating clean energy assets in Burkina ...

The meeting focused on the progress of Qair's innovative STOR"SUN projects facilitated by the EDB. These hybrid plants integrate photovoltaic panels (PV) with battery energy storage ...

This article explores bidding opportunities, technical requirements, and market trends for solar-plus-storage projects in Mauritius, with actionable insights for global investors and contractors.

The objective is to gradually replace coal with local renewable sources and achieve a planned, irreversible transition to a cleaner energy mix by 2035, supported by national awareness ...

In an exciting development for renewable energy in Africa, Qair, an Independent Power Producer (IPP), has successfully closed a loan to finance a significant 60MW hybrid solar ...

Qair International, a prominent French independent renewable energy producer, has successfully closed the financing for its 60 MWp hybrid solar and storage project in Mauritius.

Renewable energy developer Qair has secured financing from SBM Bank (Mauritius) Ltd for its Stor"Sun I and II hybrid solar-plus-storage projects. These two projects are part of a larger 60 ...

In an exciting development for renewable energy in Africa, Qair, an Independent Power Producer (IPP), has successfully closed a loan to finance a significant 60MW hybrid solar photovoltaic and battery ...

French independent renewable energy producer Qair has closed a loan agreement to back the construction of 60 MW of hybrid solar-storage parks in Mauritius.

Qair has announced the closing of a new loan to support the implementation of a hybrid solar photovoltaic and battery energy storage system (BESS) project in Mauritius.
