

Musk New Energy Photovoltaic Panel Stock

Did Elon Musk visit photovoltaic suppliers in China?

Shares of Chinese solar panel makers surged after a team of staff sent by Elon Musk had reportedly visited several photovoltaic suppliers in China.

Is Musk's interest in solar a sign that tech giants are moving upstream?

"Musk's apparent interest in solar has been read as a signal that tech giants are moving upstream into power," Zong said. "But there hasn't been an immediate shift in fundamentals such as order books -- the move was largely momentum trading and short-covering."

Are solar stocks overvalued?

Following the latest rally, many solar stocks are now "fully valued or overvalued," said Cheng Wang, equity analyst at Morningstar, while maintaining a positive long-term outlook for the sector.
