

In just seven pages, the nonprofit that oversees New York's electric grid offers up a thorough, if alarming, take on an issue confronting ratepayers statewide. Why are my electric bills so ...

Despite New York's aggressive push toward clean energy, about half of the state's electricity is still generated using natural gas, according to the New York Independent System ...

National Grid delivers reliable and resilient energy to more than 20 million people in New York and Massachusetts, all while transforming our energy networks for the future.

The program is meant to provide financial relief for income-eligible consumers by making their electric and/or natural gas utility bills more affordable through monthly bill discounts. The EAP set an energy ...

New York (NY) region electricity overview (demand, forecast demand, net generation, and total interchange) 1/26/2026 - 2/2/2026, Eastern Time

Access real-time data and insights on the U.S. electricity grid's operations, including generation, demand, and system conditions.

Through the interconnection process, as required by FERC, the NYISO seeks to balance the demands of open access to the electric system with grid reliability while protecting customers from undue costs.

Key Takeaways  
Upstate (Zones A-E) Generation to Serve Load 2030  
Downstate (Zones F-K) Generation to Serve Load 2030  
Upstate (Zones A-E) Generation to Serve Load 2040  
Downstate (Zones F-K) Generation to Serve Load 2040  
NYS achieves its "70% renewables to meet load in 2030" and "100% clean energy to meet load in 2040" targets with a renewable mix of offshore wind, land-based wind, utility solar, distributed solar, and hydro (in-state and imports) resources. See more on [nysersda.ny.gov](https://nysersda.ny.gov)  
NYSEG and RG&E File "Powering NY" Plan with Public Service ...  
Filing is in response to residents", businesses", and state leaders" requests for expansion of electrical grid and to comply with state energy requirements  
Filing proposal commences ...

Filing is in response to residents", businesses", and state leaders" requests for expansion of electrical grid and to comply with state energy requirements  
Filing proposal commences process of review by ...

This high-resolution map, created by Wikideas1 using QGIS and public energy datasets, reveals the backbone of that system--from generation sites across upstate New York to the ...

Below is a representative visualization of how this transformation could potentially take place across the State

using information from an Initial Scenario in the Zero Emissions Electric Grid in NY by 2040 ...
