

# North American Outdoor Communication Cabinet 30kW Rental Service

Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed, fabricated, and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality, faster lead times, and complete Build America, Buy America (BABA) self-certification documentation with every order.

What are AP MiniFort® weatherproof enclosures?

Our compact, lightweight AP MiniFort® weatherproof enclosures offer flexible mounting options -- pole, ground, or wall installation -- and provide cost-effective protection for virtually any outdoor telecom application. This multifunctional outdoor enclosure offers integrated side, front, and rear access.
