

North Korea container silent generator set

These generators are housed in robust containers, providing enhanced security and portability. Ideal for use in remote, outdoor, or temporary sites, they ensure reliable power delivery in any setting.

The silent container is made by high performance and anti-ageing, flame retarding, sound insulation and damping materials, with unique and elaborate design for air intake, outlet and noise reduction device.

Our products are widely used in infrastructure, healthcare, transport, and industry, and are exported to markets including Russia, North Korea, and other regions, building long-term global partnerships.

All generator sets are gone through rigorous testing before being released to the market place, including 50% load, 75% load, 100% load, 110% load and all protection function (overspeed stop, high water ...

Air inlet and air exhaust of this generator set are equipped with silencer, silencer plate, shutter, rodent-proofing mesh, electric shutter etc., which can effectively reduce the noise of air inlet and exhaust.

BINSHI company professionally make reliable quality silent/soundproof/containerized generator, noise level is from 65-80db, power range is from 10kVA to 2500kVA.

Partnered with Cummins, Perkins. Custom solutions: water-cooled, triphase, open frame. Used in industrial, commercial, medical sectors. ISO-certified: safe, efficient, eco-friendly. Leading generator ...

Mobile power station: mainly used for field operations and mobile lighting, including hand-pushed, three-wheel, four-wheel, trailer power station, automobile power station, container power station, electric ...

Description Silent/Soundproof/Containerized Diesel generator set power range 22kW~2000kW / 27.5kVA~2500kVA

Designed with superior noise reduction, advanced air intake systems, and a heavy-duty chassis, these generators provide consistent performance across multiple applications, ensuring stable, silent ...
