

Will Pohnpei get a 5 MW solar power farm?

PEPP's proposed \$20 million 5 MW solar power farm for Pohnpei would help to establish the Federated States of Micronesia as a world trendsetter in the application of renewable energy. It would give the FSM greater energy independence.

How much does a solar project cost in Pohnpei?

After just 15 years, the entire project, capitalized at over \$20 million, will transfer, without cost, to the State of Pohnpei, providing it with many more years of free renewable energy using the best solar technology. The solar project in Pohnpei is a concept that can be replicated by other Small Island Developing States.

Will Pohnpei slash electricity costs?

Without fanfare, PEPP launched a whirlwind of consultations with stakeholders, who swiftly coalesced around our plan to slash electricity costs to Pohnpei consumers. The project will reduce Pohnpei's carbon footprint significantly. It will also safeguard Pohnpei's energy needs for many years to come.

How much does Pohnpei cost per kWh?

Pohnpei currently pays approximately \$.52/kWh in diesel fuel costs. PEPP's project would cut that cost to virtually zero. It would also dramatically diminish Pohnpei's carbon footprint by eliminating the need to import so many bulk shipments of diesel.

Chuuk & Micronesia In a significant development, Sino Soar Hybrid (Beijing) Technology Co., Ltd. - a leading global renewable energy company, has emerged as the successful bidder for the design, ...

Maintaining outdoor power systems in Micronesia typically costs 1.5-2.3x mainland rates, but smart planning and technology adoption can optimize expenses. Regular maintenance remains crucial for ...

Thousands of families across the Federated States of Micronesia (FSM) will benefit from better, more reliable electricity under a new project to be implemented by the Government of FSM ...

Does Micronesia have a state-owned utility company? state-owned electric utility company. Because the Federated States of Micronesia is so geographically dispersed, three of the four utilities must serve a ...
