

Introducing Guardian Outdoor, the compact 11 kWh solution for smaller-scale outdoor energy storage. Featuring advanced immersion cooling technology and proprietary BMS & EMS, it ensures superior ...

Optimizing the use of renewable energy: Smooth out the intermittent output of renewable energy by storing electricity and dispatching it when needed. Peak shaving & Valley filling: Supply power to the ...

SUNSYS HES L is a scalable outdoor energy storage system designed for both on-grid and off-grid applications. It is available in a variety of configurations, to provide the ideal system size for a range ...

The system combines Li-ion battery racks, a bi-directional PCS (Power Conversion System), fire suppression, thermal management, and an embedded EMS (Energy Management System) into a ...

Our mission: to green every watt of electricity generation and maximize every watt's value, fostering a sustainable, zero-carbon ecosystem. Active balancing extended service life and reduced ...

Outdoor energy storage systems are reshaping how industries and households manage power needs. Whether you're integrating solar panels or preparing for grid outages, proper installation determines ...

Each unit combines high-performance lithium batteries, hybrid inverters, and MPPT charge controllers in a single outdoor ready enclosure, allowing for fast installation, minimal site preparation, and simple ...

Our innovative modular design caters to diverse application needs, offering eco-friendly, high-yield solutions. Backup power | Supply power to the load when the power grid is out of power, or use as ...

From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

Introducing Guardian Outdoor, the compact 11 kWh solution for smaller-scale ...

The ELECOD Outdoor Cabinet Energy Storage System (Air-Cooled) is a highly efficient and scalable energy storage solution, designed for use in microgrid scenarios such as commercial, industrial, and ...
