

Whether you need a commercial BESS solution in Lahore, a utility-scale energy storage project, or a hybrid renewable energy system in Pakistan, High Rise is your trusted partner.

BESS adoption has the potential to reshape Pakistan's energy landscape, driving the shift toward a more decentralized, consumer-centric system while presenting new challenges (in the form of energy ...

Customization allows the customer to select the number of energy storage battery packs, metering/control systems, HVAC requirements, DC panels, grid connection, etc. Containers can also ...

Welcome to the world of container energy storage systems (CESS) - Pakistan's unexpected hero in battling energy shortages. With 40% of rural areas still off-grid and solar capacity ...

Pakistan's vulnerability to climate risks, in tandem with economic and energy supply challenges, prepares the perfect storm for a crisis with potentially adverse consequences, which underline the ...

Ensure 24/7 power with solar + storage, AI hybrid inverters, and monsoon-resistant hardware. Features the G3 Series (8-20kW) with 10-year warranty, Urdu/English SEMAR app for real-time monitoring, ...

Emerging markets in Africa and Latin America are adopting mobile container solutions for rapid electrification, with typical payback periods of 3-5 years. Major projects now deploy clusters of 20+ ...

The globally recognized Chinese inverter manufacturer, KSTAR, has launched the 3-Phase BluE Residential ESS, a state-of-the-art hybrid storage system that integrates KSTAR's inverter ...

Delivering less than 54 dB (A), these energy storage system containers are suitable for noise-sensitive environments, such as events and construction sites in metropolitan areas, as well as for telecom, ...

Secure your energy future with scalable, intelligent energy storage solutions from Neotech Pakistan--engineered for uptime, cost control, and clean power continuity.
