

Pakistan's telecommunications operators 5G base stations

Are Pakistan's telecom players serious about 5G?

Pakistan's telecom market is dominated by four players, but only two are serious about 5G right now. Jazz, Pakistan's largest telecom operator with over 73 million subscribers, launched 5G in December 2022. They positioned themselves as the 5G leader, moving fastest with deployment.

Which cities have 5G coverage in Pakistan?

Karachi, despite being the largest city and economic center, got coverage in phases across different zones. As of 2025, 5G coverage Pakistan offers is concentrated in these cities plus selective expansion to Faisalabad, Multan, Peshawar, and Quetta. Coverage within these cities varies wildly.

How to get 5G in Pakistan?

You need three things: a 5G-capable phone, a Jazz or Zong SIM with a 5G data package, and location within coverage areas. Enable 5G in your phone's Mobile Network settings. Note that 5G packages cost more than 4G, and coverage remains limited even in major cities. Jazz 5G launch date in Pakistan?

Who is the 5G leader in Pakistan?

Jazz, Pakistan's largest telecom operator with over 73 million subscribers, launched 5G in December 2022. They positioned themselves as the 5G leader, moving fastest with deployment. Jazz's 5G coverage focuses on Islamabad, Lahore, and Karachi initially, expanding to other cities gradually.
