

Photovoltaic Energy Storage Technology Exhibition

International trade fair of the solar PV, storage and complimentary technologies

As the most professional PV exhibition, SNEC showcases PV manufacturing facilities, materials, PV cells, PV application products & modules, PV project and system, energy storage and mobile energy, covering every ...

19th International Solar Photovoltaic, Smart Energy, Energy Storage and Battery Expo and Conference (SNEC PV&ES) takes place from June 3 to 5, 2026 at the National Exhibition and Convention Center, Shanghai.

SNEC 2025 exhibition covers the entire PV and energy storage value chain with multiple specialized areas showcasing the latest products and solutions.

The events will promote high-quality development of the energy storage and hydrogen energy industries, and help China achieve its "Dual Carbon" strategic goals sooner. SNEC sincerely invites ...

Important Information Intersolar & Energy Storage North America have been the target of groups that offer a variety of fraudulent services that include (but are not limited to) travel, advertising, and data services.

Over 3,000 companies from 95 countries and regions participate, with international exhibitors accounting for around 30%. It has become one of the most influential, international, professional, and large-scale PV events ...

Solar PV & Energy Storage World Expo has always been unanimously recognized and positively reviewed by the photovoltaic and energy storage industry in the past 17 years. It is also one of the most renowned and ...

The annual "SNEC PV & ES Expo" has also been widely recognized as a compass for the global photovoltaic and energy storage industry, indicating industry trends in technology, equipment manufacturing, ...
