

Shengda Cao Technician / Assistant Qilu Hospital, Shandong University Jinan, China Shengda Cao Overview Bio

Policies related to microgrids have been promulgated continuously, lists of related demonstration projects for microgrids application have been announced regularly, and pilot projects have been ...

To address this, this paper proposes an end-to-end decision-focused framework that jointly optimizes probabilistic forecasting and robust operation for microgrids.

To address this, this paper proposes an adaptive node ...

Shengda Cao's 21 research works with 216 citations and 704 reads, including: Identify metabolism-related genes IDO1, ALDH2, NCOA2, SLC7A5, SLC3A2, LDHB, and HPRT1 as potential prognostic...

Discovery Company profile page for Jiangsu Shengda Microgrid Technology Co., Ltd. including technical research,competitor monitor,market trends,company profile& stock symbol

To address this, this paper proposes an adaptive node identification method designed for quick and accurate identification of nodes that cope with various fault scenarios. This method ...

This paper presents a review of the microgrid concept, classification and control strategies. Besides, various prospective issues and challenges of microgrid implementation are ...

The 19th annual Symposium on Microgrids will be held on 9-13 November 2025 at the Shenzhen Institutes of Advanced Technology, Chinese Academy of ...
