

# Swiss high-performance energy storage battery company

Detailed info and reviews on 10 top Energy Storage companies and startups in Switzerland in 2026. Get the latest updates on their products, jobs, funding, investors, founders and more.

As a Swiss Engineering, Procurement and Construction (EPC) specialist, we implement customised, modular battery storage solutions that increase your energy efficiency and reduce costs. Flexible, ...

As an exclusive licensee, we rely on the novel electrolyte of solid-state battery technology from High Performance Battery Technology AG. Swiss Clean Battery AG, based in Frauenfeld, is implementing ...

Energy Storage Systems to YOUR needs. Libattion AG specialises in modular, high-performance battery energy storage systems for commercial, industrial and utility-scale applications.

It's all happening in Switzerland, where leaders are working to meet ambitious climate goals by the end of the decade and beyond. The impact of these operations -- from battery ...

Swiss Clean Battery AG, headquartered in Frauenfeld, Switzerland, pioneers solid-state battery technology as a safer, eco-friendly alternative to lithium-ion. Offering 50% better environmental ...

BTRY is a Swiss battery manufacturer that specializes in innovative energy storage solutions, including a high-performance solid-state battery that can charge in just one minute.

Utility EWS AG and developer MW Storage have completed the expansion of a battery energy storage system (BESS) project in Switzerland from 20MW to 28MW, making it the country's ...

One of the country's most promising innovations comes from BTRY, an Empa and ETH Zurich spin-off. Led by CEO Moritz Futscher, BTRY has developed ultra-thin, solid-state batteries ...

We believe that energy storage should be safer, more sustainable, and accessible to everyone. We are HPB. A German battery technology developer with a Swiss stock corporation, engineering next ...
