

# Swiss new lithium battery pack custom factory

Our custom battery packs are applicable to UPS battery, AGV battery, medical battery, off-grid solar battery, golf carts battery, emergency light battery, solar light battery, starter battery, energy storage ...

Custom lithium battery pack manufacturer offering expert design, BMS integration & assembly for robotics and industrial use. Get your reliable power solution.

As a premier custom battery pack manufacturer, we design and assemble high-performance lithium-ion, LiFePO<sub>4</sub>, and LiPO solutions tailored to your exact specifications.

Our battery packs are customized and optimized. SWE manufactures Lithium-Ion battery packs optimized to your design specifications. The advantage of Lithium-Ion is the high energy ...

With 14 years of experience and over 3,500 successful custom battery deliveries, we design and manufacture lithium battery packs to meet diverse industry needs.

Lithium Werks plants have been manufacturing cells and modules for over 20 years. We have the experience and the know-how to build a custom battery module to fit your application.

VARTA Storage has extensive industry experience in designing powerful and safe customized lithium-ion battery packs. Comprehensive service and consultation from the initial specification to the ...

With an experienced team of designers and engineers from Germany and Asia, Exista designs and develops complete battery power solutions according to customer requirements. The need for mobile ...

At Lithion, all of our battery packs are of the highest quality and efficiency. To simplify your choices, you can contact us and together we can talk through your unique energy requirements to create custom ...

With a team of over 300 professionals across our production and development facilities in Europe and Asia, we deliver safe and reliable battery packs, ranging from simple lead-acid batteries to complex ...
