

QUANTUM is a China-based global supplier of PVB, PDLC, TPU, EVA and other functional plastic thin films. It also distributes ultra-clear patterned solar glass as well as solar PV modules globally.

TCL Solar is a global leader in N-Type TOPCon and Back Contact solar technology. Discover high-performance, durable solutions for your home, business, and large-scale energy projects.

Leveraging the advantages of TCL Group, TCL Zhonghuan's silicon wafers, and SunPower's patented technology, the company showcased its upgraded BC module lineup during ...

N-type Bifacial Double Glass Module HSM-ND48-GR435~455 G12R-48P 455W Maximum Power Output 22.8%

TCL PV modules deliver sustainable energy and significant economic benefits, with high efficiency, a long service life, and stable performance in diverse environments. Ideal for residential, commercial, ...

Featuring advanced bifacial cell technology and a durable glass-glass construction, this 48-cell module captures sunlight from both the front and rear of the panel, maximising output in a wide range of ...

Access datasheets, installation manuals, warranties, and certifications in the TCL Solar Resource Centre, designed for professionals using TOPCon, IBC, and BC panels.

With a maximum efficiency of up to 23.2%, these solar panels give excellent performance even in low light conditions. The dual-glass construction increases durability and longevity, while the all-black ...

Solar Panel Product: HSM-ND48-GR Power Range: 435-455 W Ideal for residential Framed applications glass-glass

• shingled-cell design helps to manage shade and keep cell temperatures low to produce more power over time. • strong frame and cell connection design helps to protect the panels against weather ...
