

# Which brand of outdoor power supply is good

Can a portable power station be used as an uninterruptible power supply?

Yes, a portable power station can be used as an uninterruptible power supply. Many portable power stations come with UPS features, like automatic switchover when power loss is detected.

Are portable power stations good for camping?

Also, if you camp, these will be a great addition to your camping gear. After testing over 140 power stations and evaluating charging options, capacity, charge time and other features, we've narrowed down our top picks that can serve your needs, ranging from portability to whole home backup. Which is the best overall portable power station?

What is the best portable power station for backup?

Anker Solix F1200 (1,229Wh): This unit was previously known as the PowerHouse 757 from Anker, and was also CNET's previous pick for "best portable power station for backup." Its UPS mode was one of the earlier units to boast "less than 20ms" switchover time in the event of a power outage. It's also currently \$500 off on Anker's site.

What is the best portable power station?

Bluetti AC 200 Max (2,048 Wh) (Update: Out of stock): The AC200 Max once held our title for the best value portable power station, giving you a 2,048 watt-hours of capacity (expandable to 8,192Wh), 2,200-watt output (4,800-watt surge) and 900 watts of solar charging power (1,400-watt solar plus AC). That's nothing to laugh at in this price range.
