

Which wind turbine manufacturers dominate the world?

As the world accelerates its shift toward clean energy, the competition among wind turbine manufacturers is at an all-time high. Leading wind power turbine manufacturers like Vestas (Denmark), Siemens Gamesa (Spain), Goldwind (China), and GE Vernova (France) continue to dominate global markets with massive installed bases and expanding order books.

Who is the largest wind turbine manufacturer in China?

Goldwind is the largest wind turbine manufacturer in China and third in the world in terms of installed capacity. The Chinese manufacturer has installed more than 138 GW of wind energy around the world.

Who makes wind turbines?

German firms such as ENERCON and Nordex, as well as China's Mingyang Smart Energy and Envision Energy, are also key players shaping the future of wind power. This ranking highlights the top 15 makers of wind turbines worldwide, according to their installed capacity as of October 2025. 1.

What is the world's most powerful wind turbine?

In April 2025, Vestas announced one of the world's most powerful wind turbine models, the V236-15.0MW offshore prototype. Standing 280 meters tall with a 236-meter rotor diameter, the turbine can generate 80 GWh annually and power around 20,000 European homes.

Shanghai Fengling Renewables is a leading hybrid tower wind turbine manufacturer in China who can supply custom flexible steel towers and concrete towers for ...

Discover 2025's top 15 wind turbine tower manufacturers! Updated list focuses on renewable energy companies, offshore wind innovations, and turbine manufacture.

10 Leading Wind Turbine Companies Shaping Global Energy Markets Through 2030 The Strategic Trajectory of Wind Turbine Market Leaders As wind power surges toward a projected USD 267.54 ...

The company focuses on developing, financing and operating renewable energy projects, with wind power being a significant part of its portfolio. Neoen's wind power initiatives are ...

Who are the largest wind turbine tower manufacturers? According to 6Wresearch internal database and industry insights, the Global wind turbine tower market is projected to grow at a CAGR of around ...

TSP Wind Power Group Co., Ltd. ("TSP", stock code: 300129.SZ) is established at 2001, which is one of the earliest wind power manufacturers in China. TSP is the first Chinese qualified supplier in China of ...

This report lists the top China Wind Energy companies based on the 2023 & 2024 market share reports. Mordor Intelligence expert advisors conducted extensive research and identified these brands to be ...

Shanghai Fengling Renewables is a leading hybrid tower wind turbine manufacturer in China who can supply custom flexible steel towers and concrete towers for wind turbines. [Click now!](#)

For the first time in history, the world's top four wind turbine manufacturers are Chinese: Goldwind, Envision, Mingyang, and Windey. Meanwhile, in 2024, Europe reached a 92% share of its ...

Are you curious about who powers the future of renewable energy? Understanding the top wind turbine manufacturers is crucial as we shift toward sustainable solutions. By comparing their factories, you ...

Check out our blog for the best wind turbine manufacturers, including the largest OEMs in the wind industry and leading wind power generation companies.
