

Our extra clear solar glass offers superior solar energy transmittance and is stable under solar radiation. It also survives harsh environmental conditions and protects the sensitive components of solar ...

Xinyi Glass is China's leading architectural glass manufacturer, and main products include Low-E coated glass, heat-reflective coated glass, insulating glass, tempered glass, laminated glass, etc.-Xinyi ...

Crafted with heat-treated safety glass, our photovoltaic glass provides the same thermal and sound insulation as traditional options, flooding spaces with natural light. Perfect for facades, curtain walls, ...

The Most Comprehensive Selected Top Class Chinese Glass Machines, Products and Services Resource

Let the light in with Mitrex Solar Glass -- a powerhouse in disguise, where photovoltaics meet limitless design, where color meets clarity. You're not just choosing glass; you're choosing a future where ...

Ultra-clear pattern glass is mainly used as the cover glass of solar module, it has the merits of low iron, high transmittance, good flatness, high mechanical strength, low self-crack, weather resistance and ...

Using ultra-clear patterned glass as the base, the product is processed by drilling or drilling combined with silkscreen glazing. The advanced equipment ensures the product has a good processing ...

Xinyi Solar Holdings Limited is one of the world's leading photovoltaic glass manufacturers and specialises in research and development, manufacturing, sales and after-sales services of ...

This ground-breaking technology captures solar energy by coating a layer of translucent solar cells onto the surface of the glass, allowing it to turn sunshine into energy while maintaining the ...

Customized ITO / FTO conductive glass plays a crucial role in scientific experiments, offering excellent conductivity, transparency, and stability. Ideal for photovoltaics, sensors, and analytical instruments.
